**Alternates** (If a waterfall is not accessible to the public when you've checked off all other falls, you may substitute any other falls from another list, or choose one of these alternates.)

Magic School Bus Falls	South Mountains	114		
Black Mountain Falls	South Mountains	114		
<a href="#">Briefcase Falls</a>	Saluda-Tryon-Columbus	na		
Waddle Branch Falls	Lake Toxaway South	296		
Lower Waddle Branch Falls	Lake Toxaway South	296		
Shot Pouch Falls	Franklin	420		

### Codes

- 1 If you view from the lake or train in summer, you may not see the falls well, if at all. As long as you are looking in the right place, you can check it off.
- 2 The distance of 3.5 miles is a guess. It will be less if you follow the creek down and could be a little more if you use the route described in the book.
- 3 Access is public, but the state park has not put up boundary signs as of 9/6/20. It is recommend you wait until that occurs before visiting.
- 4 Carter Falls will be added to website soon. Until then, you can find visiting info online.

### Challenge Info

Difficulty ratings are from 1 to 10, with 10 being the most difficult. On hikes with two numbers, the first number covers the majority of the hike.

If a waterfall has a link to website and a page book number, use the info on the website as it will be more up to date.

Worksheet updated periodically with additional links & hike info. Revisions made due to closures are listed on the website and posted on the Waterfalls with Kevin Adams FB page.

**Send completed challenge via email to [kevin@kadamsphoto.com](mailto:kevin@kadamsphoto.com) or print a copy and mail it to 283 Inman Branch Road, Waynesville, NC 28786. Be sure to fill out this info:**

Name as you want it to appear on certificate:
